To be a truly great board member requires having good character, a strong commitment to the paralegal profession, the gift of time, and a willingness to use personal and professional resources to advance NALA's mission. Tell us your "why." Why are you interested in serving on the NALA Board of Directors?

As a longtime paralegal, NALA member, and paralegal educator, I am always looking for opportunities to drive change to challenges that present themselves, not just within NALA, but the paralegal profession. While I've served on NALA Committees for almost 10 years, it's the work I've done within Task Forces that have 'moved the dial' and 'shifted the mindset' that I am most proud of. I was a driving force in the push for NALA to create a National Paralegal Day Task Force, which has now come to fruition and is a nationally recognized day, utilizing my personal and professional resources to 'get the ball rolling' for a congressional resolution. A few other paralegal educators and I within NALA established the School Relations Task Force which is continuously striving for a more cohesive approach to resources for paralegal educators and students, whether or not affiliated with NALA. Our group is working to provide a platform and stepping stones, for paralegals educating other paralegals to become customary. I want to be on the NALA Board to contribute my skills and resources to this continued trajectory of growth within the paralegal sphere and show future paralegals what service to the profession looks like.
